PROJECT**

With financial support from the Justice
Programme of the European Union

This two full-day training is focused on the right to a fair trial and the notion of effective remedies as a fundamental right (Article 6 of the European Convention on Human Rights, Article 47 of the EU Charter on Fundamental Rights). This training will combine theoretical lectures with practical workshops and will allow participants to address issues ranging from judicial independence to the principle of equality of arms and the length of legal proceedings. The sessions will be led by academics, Strasbourg and Luxembourg courts officials, trainers and practitioners in the field of EU human rights. It will serve as a forum for the exchange of knowledge and best practices between judges and prosecutors from across the EU.
